

A close-up, top-down view of a large, chaotic pile of discarded plastic waste. The waste includes numerous clear and blue plastic bottles, some with caps removed, and various plastic bags and containers. A prominent red plastic cup is visible on the right side. The background is filled with more plastic debris, creating a sense of overwhelming pollution. Overlaid on this image is the text 'RUBBISH MONSTERS' in a large, bold, light green font.

# RUBBISH MONSTERS

Welcome to another Street Arts online session! Today we will be making our very own...

**RUBBISH MONSTERS!!**

They're Rubbish?!

# WHAT YOU WILL NEED:

- Recycling
- Glue
- Coloured Paper
- Scissors

## Optional:

- Paint
- Coloured Pens
- Stickers
- Thread

Don't forget to clean your recycling before you use it and PLEASE DO NOT USE ANYTHING SHARP (TINS/BROKEN GLASS)

Stick to plastics and cardboard. If you are unsure, ask your adult!

# MAKE YOUR MONSTER EYES

First of, lets make some eyes for our monsters. Here is a simple step by step for you:

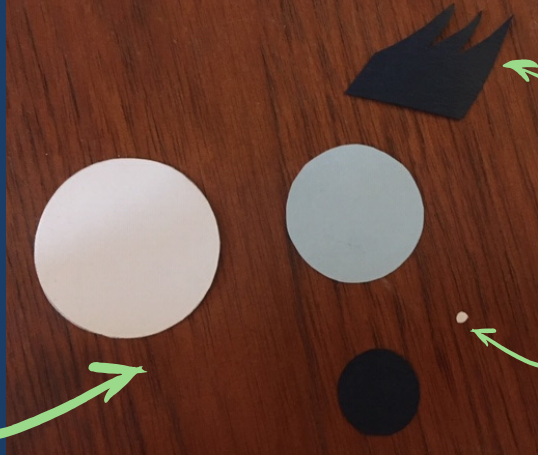

Draw around some circular objects (or draw them freehand!)

You will need 3 circles:

A large white circle

A medium coloured circle

A small black circle

You can add eyelashes by cutting some triangles out of black paper

You can also cut a very small white circle to make the eye look more realistic

**STICK THEM TOGETHER!**

# LETS GET STARTED!

Find some recycling!  
Make sure it is washed  
and safe to use

Make some  
monster eyes

Use glue to  
stick them  
together

You might want to cut shapes out of  
some of your recycling like I did  
here to make lips

I used coloured paper  
to give my monster a  
nose, hair and a scarf

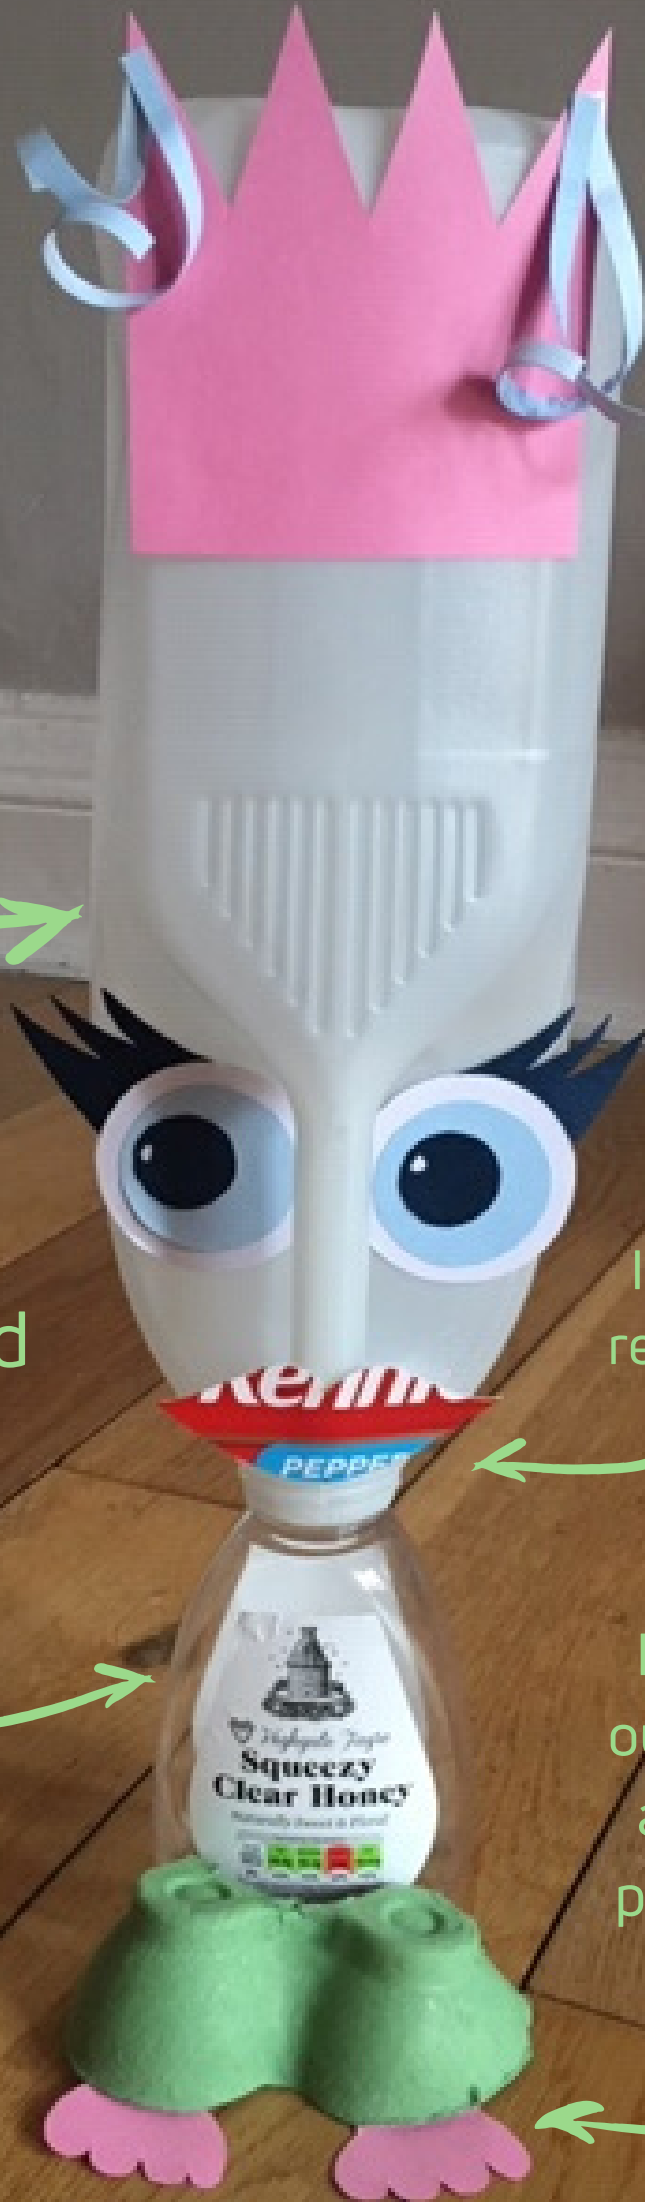

# MONSTER EXAMPLES!\*

I made a  
crown using  
pink paper

I used a milk  
bottle for the  
monsters head  
and a honey  
bottle for its  
body!

I cut lips out of a  
red cardboard box

I cut some legs  
out of an egg box  
and used more  
paper to give my  
monster feet

\*Remember that these are only examples. Start with what you have and play around, don't go looking for certain objects!

I made hair  
from red  
paper

It's head is a  
mushroom  
box and it's  
nose is from  
an egg box

I used a yogurt  
tub for this  
monsters body  
and did you  
notice that I used  
the lid as a hat?!

I cut up some  
cardboard to  
make my  
monster a tie

Toilet roll arms!

# HAVE FUN!!

Don't forget to show us your  
monsters by posting them  
using [#whaleartspack](#)
